

OBJECTIVE

To draft a **regulation/recommendation proposal** for the future

Presentation through a list of :

- (good) results to be achieved (and how)
- Things to be avoided, suppressed, forbidden...

Training in Cyprus, 7 - 14
November 2005

4

METHODOLOGICAL STEPS (for each theme)

- 1 – *Map of heritage values* (sequences, variety, artefacts, authenticity...)
- 2 – *Map of deficits* (features, alterations, destructions, social aspects...)
- 3 – *Transformability map* (overlying and analysis of the first two maps)
- 4 – Recommendations in terms of regulation

5 THEMES, 5 GROUPS (4 to 5 people)

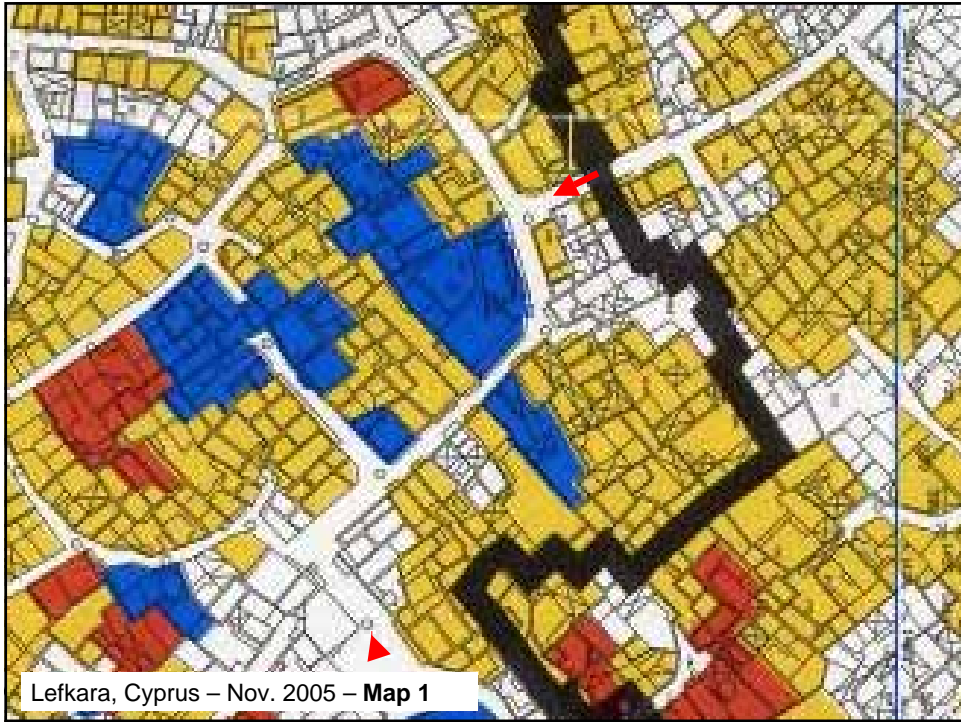

1. Façades : on the pilot sequence (details)
2. Façades : on the surrounding neighbourhood area (larger scale)
3. Store fronts, Shop fronts
4. Paving, flooring, Church square
5. Street furniture, cable and wire external installations, street signs
